

SCHEDULE BA-406

Credit Allocation Schedule Instructions

General Information

Schedule BA-406 must be completed and attached to the Vermont business income tax return (Form BI-471 or BI-476) if tax credits are earned in the fiscal year.

BA-406 is used to allocate tax credits (earned in the current year and reported in total on Schedule BA-404) to shareholders/partners/members (S/P/M).

COMPLETE A SEPARATE SCHEDULE BA-406 FOR EACH S/P/M.

EXCEPTION: If any or all of the non-Vermont resident owners have elected to be taxed at the composite rate, and their information is consolidated to a single K-1VT, then one BA-406 should be attached to an income tax return for the entity. The “recipient” information (business name, FEIN, etc.) should be that of the reporting business entity. The numerical fields should be the sum of the figures for all owners included in the composite filing.

Header Information – REQUIRED ENTRIES

NOTE: All information in the Header Section is required. Failure to correctly complete this information will result in processing delays and/or late filing penalties for your return.

Enter the Business Name, Federal ID Number and tax year of the reporting business entity.

If the S/P/M is an individual, enter the Last Name, First Name, and Middle Initial, and his/her Social Security Number.

If the S/P/M is an entity other than an individual, enter the Entity Name, and its Federal ID Number.

Enter the Recipient S/P/M Type as appropriate:

I - Individual (including Trusts that report directly on an individual income tax return, as opposed to filing a fiduciary return)

S - S-Corporation

L - Limited Liability Company (not a disregarded entity)

P - Partnership

T - Trust (filing a fiduciary return)
