

FORM CO-411 Instructions

Corporate Income Tax Return

Please print in BLUE or BLACK ink only.

Reminders and additional information for 2019

You may be required to e-file your return. Please review the mandate before mailing a paper return. We may reject your paper return or assess a fee. Search for “e-file mandate” on our website at www.tax.vermont.gov for detailed information.

Be sure to use the myVTax taxpayer portal www.myvtax.vermont.gov to your best advantage. MyVTax users spend less time on the phone and conduct business with the Department of Taxes far more efficiently. After setting up an account, you can make payments, file your extension, verify prior returns, verify estimated payments, view letters that we sent, communicate securely with the Department, and more. You can provide third-party access to others such as your preparer or payroll service. Even if you haven’t yet set up an account, you can still electronically make payments, file an extension, verify estimated payments, and respond to notices. www.myvtax.vermont.gov.

We expect to match entries on your Vermont return with entries on your federal return. If an entry on your Vermont return differs from the expected entry, you must include an explanation and reconciliation. If you do not provide supporting information, then we may adjust your return based on the available information.

Schedule K-1VT and disregarded entities. Vermont Schedule K-1VT has extended instructions for a “disregarded entity” that does not file a Vermont income tax return. Please review the Schedule K-1VT instructions “Notes for disregarded entities.” If Schedule K-1VT is not properly completed, or if required supporting information is not included, then processing of your return is subject to delays.

TCJA: Tax Cut and Jobs Act of 2017 “TCJA” Conformity. Details are provided on our website at www.tax.vermont.gov. Provisions of the TCJA may affect how you prepare our Vermont income tax return. Search for “TCJA” on our website at www.tax.vermont.gov for detailed information.

TCJA: One-time inclusion of IRC 965 income for 2017. If you received one-time IRC 965 income during 2017, we recommend that you review your Vermont return to ensure that you complied with Vermont reporting requirements. If you did not comply, then you must amend your 2017 return.

TCJA: Installment payments are not available under Vermont law. If you received one-time IRC 965 income during 2017 and are mistakenly paying Vermont tax in installments, then you must amend your 2017 Vermont return and pay any outstanding tax. You may be subject to penalties and interest on additional tax that you owe. You may also need to amend your 2018 Vermont return.

TCJA: Your 2017 return complies with Vermont law, and you are paying the federal liability in eight installments. You may be required to make adjusting entries between your federal and Vermont returns.

TCJA: Global Intangible Low-Taxed Income (GILTI) guidance for Vermont filers. “GILTI” income is subject to Vermont tax. Search for “TCJA” on our website at www.tax.vermont.gov for detailed information.

All C Corporations use Form CO-411 and related schedules. The form set has been modified to accommodate standalone corporations as well as combined reporting for unitary groups. See details in “Forms and Schedules Summary” section, below.

There is now a mechanism to exclude income received from a pass-through entity which was already taxed on a composite return (of that pass-through entity). This is required due to the adoption of mandatory composite filing requirements for certain pass-through entities. This only applies to corporations **1)** receiving distributed income from a pass-through entity which has paid composite tax and **2)** having additional activity in Vermont which requires them to file a corporate income tax return. The deduction is reported as a negative amount on Schedule BA-402, Apportionment & Allocation Schedule, Line 1b (non-business income) and flows through to Form CO-411, Line 9, or Schedule CO-421, Unitary Affiliate Schedule, Line 4.

Who Must File?

C Corporations (Stand-alone Corporations, not a member of an affiliated group)

Every C Corporation must file Form CO-411 if:

- It was incorporated under the laws of the State of Vermont; or
- It received income allocable or apportioned to Vermont including income received as a shareholder, partner, or member.
- It has an open corporate income tax account. If a business wants to maintain the account even when it has no activity or tax liability for the year, it must file a “NO VERMONT ACTIVITY” return. No tax is due.

Affiliated Groups of Corporations Engaged in Unitary Business

Beginning in 2006, taxable corporations which are part of an affiliated group engaging in unitary business are required to file combined reports, reporting the combined net income of the group. See 32 V.S.A. § 5862(d).

In general, an “affiliated group” means a group of two or more corporations in which more than 50% of the voting stock of each member corporation is directly or indirectly owned by a common owner or owners, either corporate or noncorporate, or by one or more of the member corporations.

“Unitary business” means one or more related business organizations engaged in business activity both within and outside the state. The various business organizations in a unitary business should exhibit a unity of ownership, operation, use, and interdependence of their functions. Taxable corporations which are part of an affiliated group engaging in unitary business are required to file combined reports, reporting the combined net income of the group.

Principal Vermont Corporation

The group must designate a Principal Vermont Corporation (PVC), which will be responsible for preparing all returns and making payments. The PVC must have nexus (taxable presence) in Vermont. The PVC is the parent corporation if the group includes members of a federal consolidated group and the parent has nexus in Vermont. If the parent is not taxable in Vermont or there is no parent, the taxpayer designates the PVC, which is the group member that is subject to Vermont corporate income tax and that has the greatest amount of business activity in Vermont. The PVC should be the same corporation from year to year, and should not be changed based on moderate fluctuations in level of business activity within the state.

Determination of Tax

Vermont income and tax are determined on a separate company basis for each taxable member of the group. The combined group's tax liability is the sum of the separate taxpayer-affiliates' liabilities. Each member of the group with Vermont nexus applies its apportionment factor to the combined net income of the entire group. The apportionment is determined with **Schedule BA-402** for each member of the group with Vermont nexus, using the separate company's Vermont factors as numerator, and the entire group's factors as the denominator. Other items, such as allocated income, credits, and net operating losses, are accounted for on a separate company basis.

Consolidated Returns

Members of a federal consolidated group that are *not* engaged in unitary business may elect to file a single consolidated Vermont return under 32 V.S.A. § 5862(c), provided that the consolidated members have the same fiscal year. The Vermont consolidated group includes only the members of the federal consolidated group that are taxable in Vermont and might not contain all of the corporations in the federal group. An election to file a consolidated return is binding for five years.

Determination of Whether or Not the Corporations are Conducting Unitary Business

Review Regulation § 1.5862(d), Unitary Combined Reporting, carefully to determine if an affiliated group is conducting unitary business (in which case the group must file a combined return – see above). Examples of affiliated groups not conducting unitary business are the following: **(1)** all members of the group conduct all of their business within Vermont, or **(2)** the members of the consolidated group truly have no interconnection other than common ownership (i.e., no common lines of business, no shared resources, no common management).

Parent Corporation

The consolidated return must be filed by the parent corporation of the federal group if that company has nexus in Vermont. If the parent of the federal group does not have nexus in Vermont, the parent for Vermont purposes is the group member that conducts the most activity and has the most stable presence in Vermont over time. The intention is that a group has the same parent corporation from year to year, rather than to have the parent corporation change due to fluctuation in activity levels.

Consolidated Return for Affiliated Groups Engaged in Unitary Business

For affiliated groups engaging in unitary business which include members of a federal consolidated group, the provisions of 32 V.S.A. § 5862(c) remain intact, but underneath the umbrella of 32 V.S.A. § 5862(d). That is, separate companies that are part of a federal consolidated group *must* file within the combined report if they meet the unitary definition. Then, **within the combined report**, the members of the federal consolidated group with Vermont nexus *may elect* to be treated as a consolidated filer, that is, a single taxpayer.

If this election is made, the Vermont consolidated group is treated as a single taxpayer within the affiliated group, and provides only one **Schedule BA-402**. Income will be summed and taxed as though the members of the consolidated group with Vermont nexus are one taxpayer. If the consolidated taxpayer is in a minimum tax position, the minimum tax is assessed one time, not once for each member of the group with nexus. An election to file a consolidated return is binding for five years.

Nonprofit and Exempt Organizations

A nonprofit organization that engaged in activities in Vermont which produced unrelated business income subject to federal income tax under Internal Revenue Code Section 511 during the tax year is required to file a Vermont Corporate Income Tax Return. For more information, review the “Nonprofit Income Tax Return Instructions” at the end of this document and Technical Bulletin TB-59, Unrelated Business Income of Exempt Corporations, on the Department’s website.

What if the Corporation Has a Vermont Corporate Tax Account, but Is Not Currently Doing Business in Vermont?

Corporations having an existing Vermont Corporate Income Tax account, but not otherwise doing business in Vermont, are not required to pay the minimum tax. The corporation must file **Form CO-411**. Mark the “**No Vermont Activity**” box on the bottom of page 1 of Form CO-411.

What about Subchapter S Corporations, Partnerships, and Limited Liability Companies (LLCs)?

Subchapter S Corporations, Partnerships, and Limited Liability Companies electing not to be taxed as a corporation file **Form BI-471, Vermont Business Income Tax Return**. See separate instructions for that form.

Forms and Schedules Summary

- **Form CO-411, Corporate Income Tax Return:** This is the initiating form, and the three pages are required for all corporate income tax filers.
- **Schedule BA-402, Apportionment & Allocation Schedule:** For use by all taxable entities having activity (income and/or expenses, regardless of profit or loss) in Vermont and/or at least one other state/province. Complete Schedule BA-402 unless the apportionment is 100% for Vermont. Returns filed without Schedule BA-402 will be adjusted to 100% Vermont apportionment. If the corporation is part of an affiliated group engaged in unitary business, a separate Schedule BA-402 is filed for each taxable corporation in the group, unless consolidated filing is elected.
- **Form BA-403, Application for Extension of Time to File Vermont Corporate/Business Income Tax Return:** To request an extension of time to file the Vermont Corporate or Business Income Tax return. An extension of time to file a federal return automatically extends the time to file with Vermont until 30 days beyond the federal extension date. However, tax is due on the original due date.
- **Schedule BA-404, Tax Credits Earned, Applied, Expired, and Carried Forward:** Required for companies that have earned or applied tax credits or incentives. This schedule is required of each separate entity claiming credits if a consolidated return or combined report is filed. Be sure to include all documentation required per the program guidelines of the credit you are claiming.
- **Schedule BA-405, Economic Advancement Tax Incentives:** Required by those entities awarded Economic Advancement Tax Incentives (EATI) credits for use for each of the six years following the end of the EATI authorization period.
- **Schedule BA-410, Affiliation Schedule:** For use by those entities electing to file a Vermont consolidated return per 32 V.S.A. § 5862(c) or a combined report for a unitary group under 32 V.S.A. § 5862(d). Also for use by any corporation filing a return that includes the activity of one or more other entities that are disregarded for income tax purposes, or otherwise are not filing their own income tax return.
- **Form CO-414, Corporate Estimated Tax Payment Voucher:** To make estimated payments for corporate income tax (generally quarterly) throughout the year.
- **Form CO-422, Corporate Income Tax Return Payment Voucher:** To direct a payment to a corporate income tax account and period, if you do not have another form or coupon available. Form CO-422 is not necessary if you are sending a check with Form CO-411, Form CO-414, or Form BA-403.

- **Vermont Net Operating Loss statement and summary:** For each taxable affiliate that has a Vermont Net Operating Loss. For details, see the instructions that follow and Technical Bulletin TB-35, Net Operating Losses, on the Department’s website.
- **Federal Information:** For all taxable members of the group, provide the following:
 - o The first five pages of the federal Form 1120, U.S. Corporation Income Tax Return, or other return filed (one form if the consolidated group is the same as the Vermont unitary group, or one for each separate member if the affiliates are not part of the same federal consolidated group). If the consolidated/combined group is different than the federal group, this will be a pro forma return;
 - o Federal Form 4562, Depreciation and Amortization as filed and pro forma, if any members of the group have taken “bonus” depreciation;
 - o Copies of federal statements regarding other income and deductions, net operating loss, and taxes and licenses.

Additional Schedules for Combined Reporting for Affiliated Groups Engaged in Unitary Business

Unitary groups must file Form CO-411. Each return package will have a Schedule BA-402 which reports the PVC’s apportionment percentage, and carries forward to Form CO-411, Line 6. The tax calculation for the PVC occurs on Form CO-411, Lines 6 through 17, comparable to Schedule CO-421.

For each additional taxable affiliate, calculate tax by preparing a Schedule BA-402 and Schedule CO-421. This process is unchanged from prior years.

Total tax due for the group is the sum of Form CO-411, Line 16 (the tax for the PVC), and all Schedules CO-421, Line 11 (tax for each additional taxable affiliate). This total amount is reported on Form CO-411, Line 18.

A properly prepared combined report for unitary group will contain one fewer Schedule CO-421 than Schedule BA-402, because the apportionment percentage from the first Schedule BA-402 and tax calculation for the PVC will be reported on Form CO-411.

- **Schedule CO-421, Unitary Affiliate Schedule:** Required of each affiliate taxpayer (other than the PVC) filing unitary combined returns to determine the separate Vermont tax of each group member. (**Schedule CO-421** is not required for members of the group that have elected to be treated as a consolidated filer, as tax will be calculated on Form CO-411.) Separate attributes, such as apportionment of group income, credits and incentives, net operating loss deductions, and allocated non-business income are accounted for on this schedule. The amount of tax due for each affiliate carries through to **Form CO-411**.
- **Schedule CO-419, Apportionment of Foreign Dividends:** Used by unitary-combined filers (if applicable) to determine the amount of apportioned foreign dividends taxable to the State of Vermont. Prepare Schedule CO-419 for the PVC, and for every taxable affiliate in the group. Schedule(s) CO-419 is/are not necessary if there were no taxable foreign dividends paid into the group or if modified apportionment and factor relief are not being calculated. Refer to Regulation Sec. 1.5862(d) -7(f) and -8(b) regarding what dividends are taxable.
- **Schedule CO-420, Foreign Divided Factor Increments:** Used by unitary-combined filers (if applicable) to determine the incremental factors to Sales and Receipts, Salaries and Wages, and Property, in order to provide factor relief for apportionment of foreign dividends. Prepare one Schedule CO-420 for each entity that paid foreign dividends subject to modified apportionment to any member of the combined group. Do not prepare Schedule(s) CO-420 if there are no foreign dividends or if factor relief and modified apportionment are not being calculated.

General Instructions

Filing Dates and Payments

Returns are due on the date prescribed for filing under the Internal Revenue Code, or the extended due date. The Vermont extended due date is 30 days beyond the federal extended due date. Corporations needing a Vermont extension should file **Form BA-403** by the original due date, and mark the “Extended Return” box in Part A when filing their corporate return. **Form BA-403** requires that you indicate which federal income tax form will be filed. If only a federal extension was filed, please attach a copy of federal Form 7004, Application for Automatic Extension of Time to File Certain Business Income Tax, Information, and Other Returns.

For nonprofits reporting Unrelated Business Income (UBI) on Form CO-411, the due date is the same as the date the federal return is due. If any extension is requested, the Vermont extended due date is 30 days after the federal extended due date.

An extension of time to file does not extend the time to pay the tax due. Any tax due, including the Vermont minimum tax, must be paid by the original due date of the return. Any tax due which is unpaid by the original due date will accrue interest and late payment penalties.

Estimated Taxes

Any corporation anticipating a Vermont tax liability more than \$500 must make estimated payments by the 15th day of the 4th, 6th, 9th, and 12th months of the taxable year. Use **Form CO-414**, Corporate Estimated Tax Payment Voucher. If payment is to be applied to a Vermont consolidated group or combined report for unitary group, provide information for the Vermont parent or PVC, respectively.

Interest, Late Fees, and Penalties

Interest is charged on payments not made by the statutory due date. The rate of interest is established each year. Current and historical interest rates are available here: <http://tax.vermont.gov/research-and-reports/interest-rates>. If the filing is more than 60 days late from the original due date, a \$50 late file penalty applies even if no tax is due unless the return is timely filed under extension. The failure to pay an income tax liability when due will result in imposition of a penalty equal to 1% per month of the outstanding liability. Estimated payments not made when due are subject to interest and a late payment penalty of 1% for each month that the payment is late, up to a maximum of 25%.

Changes in Return Information

An amended Vermont income tax return must be filed whenever the taxpayer’s federal tax return is amended or corrected, or whenever the information on the Vermont return, as previously filed, is incorrect. An amended return cannot be filed until the original income tax return has been filed. An amended Vermont return is due within 60 days after you become aware of any changes. This requirement may be the result of any information that makes your return materially false, inaccurate, or incomplete; you are notified by the Internal Revenue Service that your federal taxable income has been adjusted; or you file an amended return with the Internal Revenue Service. If an amended return is not filed with Vermont within the prescribed time, late filing fees may be assessed and penalty may be assessed on any additional tax. Include a copy of the IRS report if the change is a result of a federal audit.

Amended Returns

File an amended return using Form CO-411 for the tax year you are amending. Mark the “Amended Return” box in the upper right corner. Complete all header information, including the “Tax Year Begin” and “End” fields. Include a brief statement or explanation summarizing the nature of the amendment(s). If that return required schedules for explanation, attach those same schedules, as amended, to clarify the change. Amended returns claiming a refund must be filed within three years from the date a return is required to be filed or six months after a refund was received from the United States with respect to a change in the amount of taxable income reported in a return filed under the laws of the United States.

Net Operating Losses

For taxable years beginning Jan. 1, 2007, and later, there is created a Vermont Net Operating Loss (VNOL), defined as “any negative income after allocation and apportionment of Vermont net income pursuant to 32 V.S.A. § 5833.” The VNOL is available to carry forward to offset Vermont income for 10 years following the loss year. Carry backs are not available. For a more detailed explanation of VNOL, see Technical Bulletin TB-35, Net Operating Losses, on the Department’s website.

For any year in which a VNOL is generated, is available, or is applied, corporations must include a detailed schedule summarizing loss years, utilization years, expiration years, and available carryover.

For tax years 2007 and later, Form CO-411, Line 1, will no longer include any federal net operating loss deducted from taxable income. Corporations can receive the benefit of prior, unused operating losses by completing a one-time conversion to an *Initial* VNOL. In general, the conversion can only take place in 2007, and the Initial VNOL will expire periodically, based on the loss year(s) of the component portions. For any year in which a part or all of an Initial VNOL is used or remains available, corporations must include a copy of the spreadsheet used to calculate the Initial VNOL in 2007 with updates to show amounts used.

Carry backs – VNOL may not be carried back to a prior year. VNOL remains available to carry forward even if the company has elected to carry back the operating loss for federal purposes.

Corporate Income Tax Return Instructions

HEADER INFORMATION – COMPLETE ALL FIELDS THAT APPLY.

Use ALL CAPS for alpha characters on all returns and schedules.

Entity Name/Address

Print or type the entity name and address in the space provided. If the return is a combined return for an affiliated group conducting unitary business, use the PVC’s name and address. If the return is for a consolidated return by an affiliated group not conducting unitary business, use the parent corporation’s name and address. If the address is in a country other than the United States, enter the name of the foreign country in the space provided.

Other Information

- Place an “X” in the appropriate boxes to the right of the entity name and address to indicate if:
 - o There has been an Accounting Period/Fiscal Year-End change
 - o This is an Amended Return
 - o This is an Extended Return – in this case, Form BA-403 should have been filed on the original return due date
 - o This is a Unitary Combined return

- o A federal extension has been requested – in this case a copy of the federal Form 7004, Application for Automatic Extension of Time To File Certain Business Income Tax, Information, and Other Returns, should be included.
- o This is a Consolidated return
- o This is a Final Return – this means the entity has ceased doing business in Vermont, and the corporate income tax account will be closed
- o Public Law 86-272 protection is claimed – in this case only the minimum tax will be due.
- Enter the entity’s federal employer identification number
- Enter the entity’s primary NAICS (North American Industrial Classification System) code. See www.census.gov/naics for applicable codes.
- Enter the beginning and ending dates of the entity’s fiscal year (YYYYMMDD). If the business uses a 52/53 week year, use the first and last day and month that would be reported if the 52/53 system was not being used.
- **For affiliated groups only:** Enter the total number of companies in the Water’s Edge Group and the number of taxpayer affiliates with Vermont nexus. Include the PVC as one. Count all affiliates with Vermont nexus separately regardless of whether they have elected consolidated treatment for reporting/ tax purposes (See sections 4 and 5 of the Unitary regulations, Reg. § 1.5862(d).) Leave these fields blank if return is being filed for a stand-alone corporation.
- Place an “X” in the appropriate box to indicate federal tax return filed.

Line-by-Line Instructions

Place an “X” in the box left of the line number to indicate a loss (or negative) amount.

For all line references to other schedules, it is understood that the reference is for the matching schedule prepared for that affiliate company, as identified by the name and FEIN fields on the schedules.

Line 1 **Federal (or Recomputed Federal) Taxable Income:** Enter the amount from federal Form 1120, Line 30 (taxable income), plus Line 29a (net operating loss deduction).

Net Operating Loss: For tax years starting Jan. 1, 2007, and later, Vermont is no longer coupled to the federal net operating loss deduction. Any federal NOL deduction (generally federal Form 1120, Line 29a) should not be deducted from Line 28 (taxable income) to arrive at the income amount for Form CO-411, Line 1. Vermont Net Operating Loss will be deducted from Form CO-411, Line 12 or Schedule CO-421, Line 7.

For a Combined Report – Enter the group’s combined net income or loss as reported to the federal government, and accounting for modifications above, for all companies in the water’s edge combined group.

Line 2 **Bonus Depreciation Adjustment:** Vermont does not allow the special “bonus” depreciation provision of the *Federal Jobs Creation and Worker Assistant Act of 2002*, the *Federal Jobs and Growth Tax Relief Reconciliation Act of 2003*, the *Economic Stimulus Act of 2008*, the *Tax Cuts and Jobs Act of 2017*, or the 2009 extension for certain transportation and aircraft property (IRC 168[k]). If taken in the current or in prior years, the federal taxable income must be recomputed without the 30%, 50%, or 100% special bonus depreciation. Report the net adjustment from federal income to Vermont income as a result of disallowing bonus depreciation. Report an increase in income as a positive number, and a decrease as a negative number.

Line 3	Federal Taxable Income adjusted for disallowance of Bonus Depreciation: Add Lines 1 and 2 to arrive at federal taxable income, as adjusted to disallow bonus depreciation.
Line 4	Vermont Adjustments to Taxable Income.
Add:	
Line 4(a)	Interest on non-Vermont state and local obligations: Enter the amount of interest received from non-Vermont state and local obligations that were exempted from federal tax (for example, Municipal bonds).
Line 4(b)	State and local income or franchise taxes: Enter the amount of state and local tax deductions taken on the federal return(s). State and local income taxes are taxes on or measured by income; franchise taxes are those measured by net income, or for the privilege of doing business, or capital stock taxes. These are deductible for federal income tax, but taxable in Vermont. Attach a statement showing a detail of the taxes claimed as deductions on the federal return(s).
Subtract:	
Line 4(c)	Non-business income or loss allocated everywhere: Enter the amount of non-business income or loss included on Schedule BA-402, Line 1a, or leave blank.
Line 4(d)	Foreign dividends received from overseas business organizations as defined by § 1.5862(d): For unitary groups only. Enter the total amount of income included on federal Form 1120, Schedule C, Lines 12, 13, and 14, and subject to a modified apportionment factor, calculated on Schedules CO-419 and CO-420. If you are calculating the modified apportionment factor, these dividends are subtracted from apportionable income here, and then the amount of taxable foreign dividends calculated with the modified apportionment percentage is added back on Form CO-411, Line 10, or Schedule CO-421, Line 5. If there are no taxable foreign dividends, or you are not calculating the modified apportionment, enter -0-. Standalone corporations, enter -0-.
Line 4(e)	Interest on U.S. Government obligations: Enter the amount of interest received from U.S. Government obligations included on the federal return(s).
Line 4(f)	“Gross Up” required by IRC Sec. 78 and other excludable income: Enter the total amount of income included on federal Form 1120, Schedule C, Line 15.
Line 4(g)	Targeted Job Credit salary and wage expense: Enter the wage expense associated with work opportunity credit disallowed on the federal return by IRC Section 280C(a).
Line 5	Net Apportionable Income. Line 3 plus Lines 4(a) and 4(b) less Lines 4(c) through 4(g).
Line 6	Vermont Apportionment Percentage Enter 100% or the amount from Schedule BA-402, Line 22. Express as a percentage, with six digits to the right of the decimal. Attach Schedule BA-402 if Line 6 is not 100%, or if any income is apportioned or allocated to a jurisdiction other than Vermont. If no Schedule BA-402 is attached, Line 6 will be adjusted to 100%.
Line 7	Apportionable Income Enter the amount from Form CO-411, page 1, Line 5. For a Combined Report – This will be the group’s apportionable income.
Line 8	Income Apportioned to Vermont Multiply Line 6 by Line 7.
Line 9	Income Allocated to Vermont Enter the amount from Schedule BA-402, Line 1b. If income was received from a pass-through entity, and that entity paid composite tax, enter the negative amount in order to exclude that income and prevent double taxation. (This should be reported on Schedule BA-402, Line 1b.) Include a statement identifying the entity that earned the income and paid composite tax.

Line 10 Foreign Dividends Apportioned to Vermont For combined reports only. Enter the amount from Schedule BA-402, Line 1d (same as Schedule CO-419, Line 17), for this affiliate. Refer to Regulation § 1.5862(d) -7(f) and -8(b), and Schedules CO-419 and CO-420, and Instructions. Enter -0- if this return is for a standalone corporation.

Line 11 Net Vermont Income Allocated and Apportioned to Vermont Add Lines 8, 9, and 10.

Line 12 Vermont Net Operating Loss deduction applied (attach schedule in PDF format). If Line 11 is negative, you have a VNOL, available to carry forward to offset Vermont net taxable income for up to 10 years. VNOL may not be carried back to a prior year return. VNOL remains available to carry forward even if the company has elected to carry back the operating loss for federal purposes. VNOL would have been incurred as a negative amount after apportionment and allocation of Vermont income in 2007 or later, or may have been converted from available pre-2007 NOLs into an "Initial VNOL" in 2007. For tracking, VNOL must be applied on a first-in, first-out basis. Any converted Initial VNOL must be used first. Include a statement/schedule to track the availability of the VNOL. The schedule must detail loss years, utilization years, expiration years, and available carryover. If VNOL used or carried over includes any Initial VNOL converted from remaining pre-2007 NOL, provide a copy of the conversion worksheet from the 2007 return, updating for amounts used. Enter any deduction taken for a VNOL. Line 12 cannot be greater than Line 11; VNOL cannot reduce Vermont Net Taxable Income below zero.

Line 13 Vermont Net Taxable Income for this entity. Subtract Line 12 from Line 11.

Line 14 Vermont Tax. Apply Vermont Tax Rates (below) to amount on Line 13. Compute the tax using the tax computation schedule, below. Enter this amount or the minimum tax, whichever is more. The minimum tax is due even if the corporation operated at a loss. For tax years starting on and after Jan. 1, 2012, the structure of the minimum tax has changed. Minimum tax is based on Vermont Gross Receipts, reported on Line 17, and defined in the instructions to Line 17, below.

Graduated rates effective for tax years beginning on or after January 1, 2007.

TAX COMPUTATION SCHEDULE

<u>If Vermont Net Income is:</u>	<u>Tax is:</u>
\$10,000 or less	6.0% (or minimum tax, per Vermont Gross Receipts).
\$10,001 to \$25,000	\$600 plus 7.0% of excess over \$10,000.
\$25,001 and over	\$1,650 plus 8.50% of excess over \$25,000

<u>If Vermont Gross Receipts are:</u>	<u>Minimum Tax is:</u>
\$2,000,000 or less	\$300
\$2,000,001 - \$5,000,000	\$500
\$5,000,001 and over\$750

Exceptions to the minimum tax are:

- SMALL FARM CORPORATIONS** as defined in 32 V.S.A. § 5832(2)(A), pay a minimum annual entity tax of \$75, and income tax greater than that based on the graduated rates, above. The entity must be solely owned by active participants and have Vermont gross receipts of less than \$100,000.
- INACTIVE CORPORATIONS** are not required to pay the annual entity tax. Inactive corporations are non-Vermont corporations with no taxable activity or investments in this state that file to keep the account active, or Vermont corporations which have neither receipts, expenses, nor activity other than minimal start-up or close-out expenses. Check the "No Vermont Activity" box if the exception applies.

3. **HOMEOWNERS AND CONDOMINIUM ASSOCIATIONS** that file federal Form 1120-H, U.S. Income Tax Return for Homeowners Associations, are not required to pay the Vermont minimum corporate tax. If the association does not make this election, then it is subject to the regular corporate rates and must pay the minimum tax and any additional income tax due based on the rates. Include a copy of the 1120-H if claiming this exception, and mark the appropriate box at the bottom of Form CO-411, page 1.

Line 15	Credits If Vermont tax credits are claimed, Schedule BA-404 must be filed, and all authorization documents, documentation, and calculations as required by the program guidelines of the credit being claimed must be attached. Enter the amount from Schedule BA-404, Column C, Line 11. Line 15 cannot reduce tax below the minimum tax.
Line 16	Use this line to report use tax due. When a seller does not charge the buyer Vermont Sales Tax on an item taxable in Vermont, the buyer must pay Vermont Use Tax. Nontaxable items such as food and clothing are excluded. Taxable items sold over the internet, by mail-order, by phone, or bought out-of-state and used in Vermont generally qualify. Use tax applies whether you are resident or nonresident. The use tax rate is the same as the sales tax rate: 6%.
Line 17	Tax Due for this entity Subtract Line 15 from Line 14 plus Line 16.
Line 18	Gross Receipts Enter the total gross receipts for the corporation attributable to Vermont. Gross receipts are the total amounts the organization received from all Vermont sources during its annual accounting period, without subtracting any costs or expenses. The amount of the gross receipts may not be less than zero. This amount is used to determine the minimum tax.
Line 19	Total Tax Due For standalone corporations, this is the amount from Line 17. For combined reports for a unitary group, enter the sum of Line 17 on page 2 and, if there are multiple taxable affiliates, Line 13 of all attached Schedules CO-421.
Line 20	Payments.
Line 20a	Estimated Payments. Enter the total amount of Estimated Payments made for this tax year.
Line 20b	Payment with Extension. Enter the amount of any payment with Extension made for this tax year.
Line 20c	Nonresident Estimated Payments. Enter the amount of estimated payments made on behalf of this company by pass-through business (S-Corp, Partnership, or LLC) of which this corporation is a shareholder, partner, or member. Payments would have been made by the pass-through business using Form WH-435 , Estimated Income Tax Payments for Nonresident Shareholders, Partners, or Members. The entity's business income tax return must be filed in order to receive credits for the payments.
Line 20d	Real Estate Withholding Payments. Enter the amount of real estate withholding (REW) on sales (Form RW-171, Vermont Withholding for Transfer of Real Property, Schedule A). REW would have been paid on your behalf by the buyer of Vermont real estate that you sold.
Line 20e	Prior Year Overpayment Applied. Enter the amount of prior year overpayment applied to the current year taxes.
Line 20f	Total Payments. Enter the sum of Lines 20a through 20e.
Line 21	Balance Due. If Line 19 is more than Line 20f, subtract Line 20f from Line 19. Make check payable to <i>Vermont Department of Taxes</i> .
Line 22	Payment submitted with this return.
Line 23	Overpayment. If Line 20f is more than Line 19, subtract Line 19 from Line 20f.
Line 24	Overpayment to be applied to next tax year. Enter the amount of overpayment to be applied toward next year's corporate income taxes.

Line 25 **Overpayment to be refunded.** Enter the amount of overpayment to be refunded. Line 24 plus Line 25 must equal Line 23.

Be sure to sign and date the return. Provide a phone number to expedite resolution of any issues that may arise. Check the box if you authorize the Vermont Department of Taxes to contact your tax preparer directly with any questions about this return.

Make check payable to **Vermont Department of Taxes.**

Send return and check to:

Vermont Department of Taxes

Montpelier, VT 05633-1401

Vermont Nonprofit Income Tax Return Instructions

Nonprofit organizations with unrelated business income in Vermont are required to complete Form CO-411 and include a copy of their federal return.

Who must file?

A nonprofit organization that carried out business in Vermont and had unrelated business income of greater than \$1,000 in Vermont is required to complete the Vermont Corporate Income Tax Return. If your nonprofit has affiliates that engaged in your unrelated business income, you will need to follow the instructions for combined reporting. If you have no affiliates engaged in unrelated business activities, complete Form CO-411. For purposes of determining if there is a filing requirement, and consistent with federal treatment, the \$1,000 threshold refers to gross receipts, not net income.

Carrying out business in Vermont for any tax year means:

- Owning property in Vermont that yielded rental income
- Having an office in Vermont where employees carried out unrelated business
- Carrying out services in Vermont that produced unrelated business income.

Unrelated business income is defined by the Internal Revenue Service. Publication 598 from the Internal Revenue Service provides the following general description:

Unrelated business income is the income from a trade or business regularly carried on by an exempt organization and not substantially related to the performance by the organization of its exempt purpose or function, except that the organization uses the profits derived from this activity.

The two key terms in this description are “regularly carried out” and “not substantially related to the performance ... of its exempt purpose or function.” Vermont uses the same definition of unrelated business income as does the Internal Revenue Service. If your income meets the requirements to report income on federal Form 990-T, then you must complete Vermont corporate income tax forms as well.

How to file?

The instructions for Form CO-411 are the same instructions that nonprofits need to follow for filing the state return. In addition, nonprofits shall include the first page of federal Form 990 and the complete Form 990-T. The unrelated taxable income reported on Form 990-T, Line 34, is reported as taxable income on Form CO-411, Line 1.

Exceptions for nonprofits filing Form CO-411

Line 2a Nonprofit organizations do not need to include interest of any kind in the calculation of net taxable income. Therefore report -0- on Line 2a even if your organization has interest on non-Vermont state and local obligations.

Line 2c Interest on U.S. Government obligations are not included in the calculation of Line 1 income and therefore should not be reported on Line 2c used for reducing the calculated Vermont Net Taxable Income.

Apportionment of income

If a nonprofit organization's income is derived entirely from activities within the state, its Vermont net income is allocated entirely to Vermont. If the nonprofit organization's income is derived from activities conducted both in Vermont and another state or states, its Vermont net income is apportioned as provided in 32 V.S.A. § 5833 on Schedule BA-402. For example, income derived from sales of tangible personal property that occur in more than one state as a fundraising activity is apportioned between or among the states. In cases where the nonprofit organization is a part of an affiliated group and other members of the affiliated group report unrelated business income, the Vermont nonprofit organization must complete Schedule BA-402 and apportion the combined group's unrelated business income.

See Technical Bulletin TB-59, Unrelated Business Income of Exempt Corporations, on the Department's website for further information on this subject.
