LISTERS'MEMORANDUM

INSTRUCTIONS

Similar items may be grouped by year of purchase. A separate line should be used for items fully depreciated for IRS purposes. Cost includes all costs accrued to all taxable items. When purchased "used" indicate by "u" after cost. If owner's value differs substantially from depreciated cost please explain. Mobile homes in inventory on a sales lot and not affixed to land would be classified as personal property in Schedule B on Line 3(d), when set up on land they would be included as real estate in Schedule A on Line 2 if owner of mobile home owns the land, or on Line 4 if on leased land.

I do solemnly swear (or affirm), under the pains and penalties of perjury, that, to the best knowledge and belief, the foregoing inventory by me subscribed is a full, true, and correct list and description of all taxable property, both real and personal, which should be set in the list to me. 32 V.S.A. § 4002
